FRIENDS RALLY TO SUPPORT OF GOV. AMMONS

Four Bills Expected to Prevent Another Strike War Are Introduced in Legislature—Miners Keep Weapons.

DENVER, Colo., May 6.—The Colorado legislature held a short session Tuesday, but outside of the introduction of four bills and several resolutions, nothing was accomplished. An early adjournment was taken. No resolution to impeach Gov. Ammons was presented, and it is extremely doubtful if such a resolution will be offered. Friends of the governor have demonstrated that they are in control of the situation. The bills introduced Tuesday in both houses provide for:

Will Fight Measure. The bill providing for an issue of \$800,000 in bonds, with which to pay the militiamen who were assigned to strike duty in the coal fields probably will be introduced Wednesday and it will be fought strenuously by anti-administration members. They will demand that before any money is paid for this purpose, a committee investigate to ascertain what men were in the employ of the coal operators. These men, they claim, should not be paid by the state.

Takes Slam at the Rockefeller Fortune. Sen. Ashurst Says Congress Should Condemn J. D. and Carnegie.

WASHINGTON, May 6.—The Rockefeller fortune and the methods by which it was accumulated was again severely denounced by senators during the debate late Tuesday afternoon on the agricultural bill. The amendment under consideration was one reported by the committee increasing the appropriation for farm demonstration work and prohibiting the use of contributed funds by employees of the government. It recently developed that 625 employees of the

department were receiving a portion of their pay from the general education board which is one of the Rockefeller institutions. "John D. Rockefeller, Jr., has attempted to debauch an American commonwealth and the blood of women and children is on the hands of his brutal employees," declared Sen. Ashurst. "Carnegie indirectly caused the streets of Homestead to run red with blood. Instead of approving their action by the acceptance of their money, congress should pass resolutions condemning them in the strongest terms. Carnegie and Rockefeller both not only exploit the American people in the most shameless way, but they treat their own working people in a most brutal and inhuman fashion."

ALL STORES MAY CLOSE WEDNESDAY AFTERNOONS. Half a Day Holiday Is Suggested at Meeting of the South Bend Furniture Dealers.

All members of the clothing bureau of the retail division of the manufacturers' and merchants' bureau at a meeting yesterday afternoon at the Chamber of Commerce decided to keep their places of business open Memorial day. This action was taken in view of the fact that Memorial day falls on Saturday. Other retail merchants are expected to take up the matter of keeping open on that day at later meetings. At a meeting of the furniture men's

bureau the proposition of open store on Thursday nights was discussed. It was pointed out that furniture stores are the only ones now open on Thursday night. All other retail stores are closed. It is held by the furniture men that trade is too heavy for them to close on Thursday night and keep open only Saturday nights. It was suggested that all retail stores keep open store Thursday night and close on some afternoon as the retail grocers do. Sentiment on this proposition will be tested at future meetings of the various retail bureaus.

RESIDENTS FILE PROTEST. Only Three Lights Will Be Used in Boulevard System.

Following remonstrances by Cedar street residents to the pavement bid filed for Cedar street, the bid was rejected last night by the board of works. Clerk Perley was ordered to readvertise for bids. The park board appeared and asked for a lighting system on St. Louis boulevard that would require five light to the block instead of three as formerly ordered by the board of works. The latter, however, stood on its former action and ordered only
